JobsOhio reports growth in jobs, investment

By Randy Ludlow

JobsOhio reported “great growth” in job creation in 2014, with the nonprofit landing 286 projects, 21,377 new jobs and \$6.1 billion in capital investment by companies locating and expanding in Ohio.

The number of jobs created by Gov. John Kasich’s privatized economic development agency grew by 20 percent over 2013, with the positions carrying a \$939 million annual payroll, a 27 percent increase.
