A visit from the governor

Harrison Hills City School District's North Elementary recently had a visit from Gov. John Kasich when he made an impromptu stop at the Scio school building prior to his appearance at the Harrison Gas/Oil plant opening. He discussed with school Principal Jennifer Ryder topics that included the school security, Straight A Grants and a new full-day preschool. The following day, Richard Ross, state of Ohio School Superintendent, phoned Ryder to say the governor had complimented Ryder, her staff and the building.

From left, Tammie Taylor, secretary; Gov. John Kasich; Principal Jennifer Ryder; and Kathy Pelegreen, cook.
