

2016 Mid – Year Report

January 1, 2016 – June 30, 2016

The Common Sense Initiative Office (CSI) was established in 2011 to create a regulatory climate in Ohio that maximizes business economic potential while protecting the health and safety of Ohio’s citizens. CSI reviews business impacts of state agency rules, helps businesses navigate regulatory obstacles, and partners with agencies on proactive initiatives to make Ohio friendly to job creators. Business Rule Review

“What Mary Taylor and CSI have accomplished has been unbelievable. I personally have recommended several small businesses contact them concerning issues with state agencies, each with very positive results.”
