

There are many Foundations across our State and throughout the country that provide a wide variety of funding opportunities. Below is a list of Foundations where you can find information about funds available.

The first Foundations listed are ones who grant money all across the State of Ohio or multiple counties. Following those, all funding opportunities are listed in order by individual counties.

If you are using Internet Explorer, we would recommend using the search menu and perform a word search for your county. When this is complete, you will be able to find your county faster.

We are continuing to search for more funding opportunities. As we do, we will post them here and alert you to the update.

As always, if there is anything we can do to be of more service to you, please don't hesitate to contact us.

The Annie E. Casey Foundation	All United States	<p>Most of the work the Annie E. Casey Foundation supports takes the form of multi-year, multi-site, foundation-based projects. However, the foundation, which focuses on helping vulnerable and at-risk children, youth and their families, does not discourage interested organizations from submitting letter of inquiry when looking for grants. Founded in 1948, the primary mission of the Foundation is to foster public policies, human-service reforms, and community supports that more effectively meet the needs of vulnerable children and families.</p>	Varies depending on grant and organization	Rolling review	<p>The Annie E.
